[Did the FCC just make Baofengs illegal? Short answer: No](#)

What is illegal is selling radios without FCC certification or selling radios “outside of their designed use.”

[KB6NU](#)

[Chattervox: Chat over packet radio](#)

An AX.25 packet radio chat protocol with support for digital signatures and binary compression. Like IRC over radio waves.

[FT8 – A personal critique](#)

FT8 doesn't garner universal love from the amateur community, in fact it seems to polarise us; you either love it or you hate it.
